For more than fifty years has PERRY DAVIS' PAIN KILLER stood the test against all remedies prepared to eradicate pain, and today stands at the head of the list among the medicines that are so essential to keep at hand in the home.

It is not a new fangle remedy nor do the proprietors lay claim to any wonderful revelation of the ingredients that enter into the manufacture of this ever popular remedy.

It is perfectly harmless, you need have no fear of becoming habitually inclined to its use. For Colic, Cramps, Dysentery, Colds, and all painful affections, a few doses will certainly give relief. You cannot afford to be without a bottle in the house.

Your forefathers used it and found it beneficial.

Why experiment with some remedy that is new and its effect on the system unknown?

It has many rivals but no equal.

The new 35c. size contains over double the quantity of the 25c. size.

RAPID TRANSIT COMPANY

Charter Read and Adopted at Meeting of Directors.

Five Cents Fare and Half Price to School Children — Surplus Shared with Public Treasury.

The provisional directors of the Honolulu Rapid Transit Company met in the Chamber of Commerce yesterday. F. J. Lowrey presided and J. A. Gilman acted as secretary.

C. G. Ballentyne on behalf of the directors presented, as their report, a bill which it was proposed to present to the Legislature and which embodied the views of the directors as to the conduct of the proposed corporation.

Secretary Gilman then read the proposed act, the task occupying nearly an hour. The propositions therein are as follows:

C. G. Ballentyne, T. F. Lansing, J. A. Gilman, G. R. Carter, J. H. Soper, J. A. Kennedy, Jas. F. Morgan, and C. S. Desky are named as the persons to whom the charter shall be issued.

There shall be routes covering all the important thoroughfares not now occupied by the Tramways Company and including Wyllie street, the Pali, park, new beach road, Hotel street, Printer's lane, Wilder street, Kinan street, Pauoa road, Beretania beyond Punahou, the water front, Manoa valley, Sheridan street, Pensacola street and Tantalus residence park.

The cars of the line shall be moved by electric power, either overhead, underground or by storage batteries; or by compressed air appliances; or by improvement in electric power application. Neither steam nor horses shall be used in Honolulu.

The tracks shall be of the broad gauge system, modernly equipped, and their construction shall be under the supervision of the Minister of the Interior.

Work shall be commenced within one year after the passage of the act and in three years the company must have 15 miles in operation.

The Honolulu Rapid Transit Company may use the tracks of the Hawaiian Tramways Company as provided by law. The Rapid Transit Company may cross the lines of other railways in a reasonable and fair manner.

The company may pay dividends not to exceed 8 per cent. per annum and maintain a sinking fund. Excess of earnings (including dividends) shall be equally divided between the Government and the Rapid Transit Company.

Ten years after the completion of the line, the Government may purchase the line but not for the purpose of selling or leasing it. The price shall be an appraised value. Material brought from the United States shall be free of duty and portions of the line in course of construction shall not be taxed.

There may be carried upon the line freight and baggage. On motion of Col. Soper and without discussion the act as read was accepted as the report of the Committee, and it was ordered to be presented to the Legislature at the earliest date.

Demand for More Battleships.

The Secretary of the Navy has demanded more battleships, and there can be no doubt that Congress will consider his recommendations. Protection is what our seaports require, and fortifications will not adequately supply this. Defense against all disorders of a malarial type is, however, adequately afforded by the liberal but judicious use of "Rainier beer." On tap or in bottles at the Criterion Saloon. Phone 783.

Just Arrived.

Ex Zealandia, an attractive line of goods in the way of surreys, phaetons, buggies and wagons. Call in and examine at Schuman's Carriage and Harness Repository, Fort street.
